(An Autonomous Institution, Affiliated to Anna University, Chennai)
DEPARTMENT OF MECHANICAL ENGINEERING

Date: 03.02.2023

50 ME 403 – Kinematics of Machines

Think Pair Share

Year/Semester: II/IV

Class: B.E. – MECH

The Think-Pair-Share (TPS) activity gives them the opportunity to feel more comfortable sharing their thoughts. In addition to fostering social skills, this strategy also improves students' speaking and listening skills. When pairs brainstorm together, each student learns from their partner.

Course Code & Name	50 ME 403 – Kinematics of Machines	Date Hour	03.02.2023 7th Hour

Question: Construction, Function and Application Universal Joint

The above questions have been asked to the students and I gave them 3 minutes to think of the answer to the question. Five students formed as a pair and they discussed the answer with them for 5 minutes. Finally, all the teams shared their answer. Out of 10 teams, 7 teams have exactly known the construction, function and application of universal joint. The remaining 3 teams came to know the construction, function and application of universal joint from the team answered.
